The undersigned agree to the conditions of this project:

1. All intellectual property developed in this course is owned by the student(s) and the supervisor(s). Each supervisor grants to the student(s) a non-exclusive, royalty-free license to use the intellectual property developed in this course for non-commercial purposes and an exclusive, royalty-free license for commercial purposes. Each student grants to the supervisor(s) a non-exclusive, royalty-free license to use the intellectual property for any non-commercial purpose.
2. The student(s) do not need to account to the other owner(s) for any benefits, commercial or otherwise, derived from their use of the intellectual property.
3. The student(s) agree to disclose to the supervisor(s) all intellectual property developed in this course.
4. The supervisor(s) agree to be accessible to the student(s) as is reasonably required to complete the project, and to participate in evaluation of the work of the student(s).
5. The supervisor(s) agree to provide guidance to the student(s) as reasonably required to complete the project.
6. The student(s) agree to consult with the supervisor(s) on an ongoing basis during the course and to be respectful of their time in so doing.
